

Loop Bluetooth Speaker

Marketing information	
Product name	Loop Bluetooth Speaker 10W, black
Package Product name	Loop Bluetooth Speaker
Headline	Musical loop
Product keywords	Portable. Rich bass. True Wireless Stereo.
Main characteristics	Streams music wirelessly via Bluetooth from your phone or tablet Two internal speakers provide rich bass without distortion, even at highest volume TWS (True Wireless Stereo) function allows you to pair two Loop speakers simultaneously and listen to your music with twice as much power Five options for music playing - AUX, Bluetooth, USB, FM radio, microSD - and hands-free call function
Product description	Are you "in loop" with your favourite music? Loop Bluetooth Speaker will accompany you everywhere you go! Thanks to its lightweight and compact design, the speaker is very convenient to take along on your trips, outdoor activities or in your home. Choose between the five options for music playing: Bluetooth, AUX, FM radio, microSD or USB and immerse yourself in rich sound with an ample bass. Add more power to your favourite playlist using the TWS (True Wireless Stereo) function. Simply connect two Loop Bluetooth speakers to the same music playing device and enjoy your brand new portable audio system! Pair the speaker with your phone via Bluetooth and use it for your hands-free calls.
