Tellur WiFi Thermostat, Boiler, White
## TLL331151

Home Comfort

Modern Design

3.7″ illuminated LCD display with a user-friendly interface. Touch buttons for a simple, intuitive control.

Smart Functions

Easily customized from Tellur Smart app - schedule its running times or integrate it in smart and automation scenarios.

Remote & Vocal Control

Remote control via Tellur Smart app. Voice control through Amazon Alexa and Google Assistant.

Integrated Features

⊛ **7-days programs**
Four different programs for each day of the week, with different timeframes and temperatures for each program.

⊛ **Open Window Detection**
Automatically stops the heating process when it detects a sudden drop of room temperature (2°C in 15 minutes default value).

⊛ **Frost protection**
Maintain room temperature above a specific value (5°C default value).

⊛ **Child lock**
Block device's buttons to secure its settings.
