

# Tellur WiFi Garage Door Control Kit, White

TLL331171

# Home Control

## Customization & Scenarios

Completely customizable with schedule and timer functions.

Smart & automation scenarios enable the kit to execute commands automatically.

## Push Notifications

Get notified on your smartphone every time the garage door is being opened or closed.

The kit will also send push notifications to remind you to close the garage gate.

## Remote & Vocal Control

Controlled remotely from anywhere with your smartphone – open and close the door, schedule or set timers so the kit can execute commands automatically.

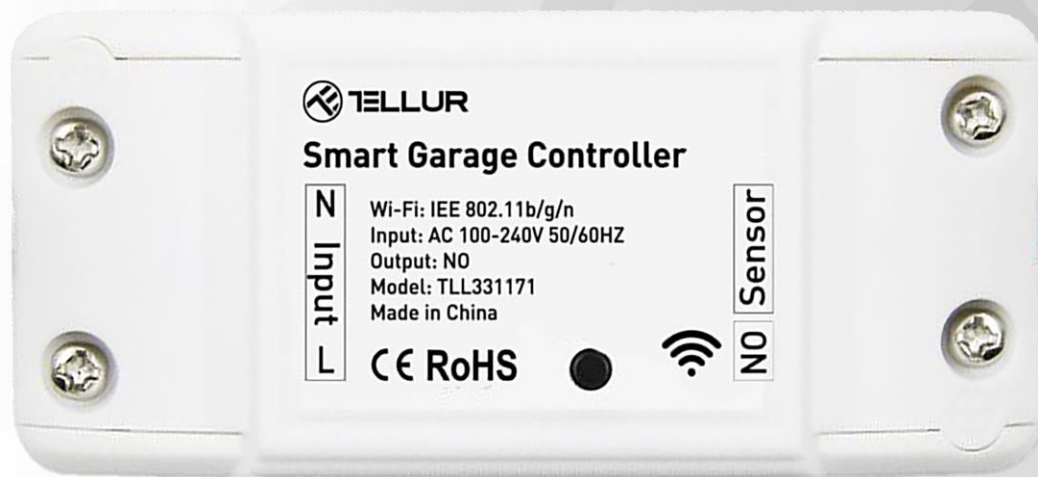

Link your kit with Amazon's Alexa or Google Assistant and control it vocally.

## Device Sharing & History Records

From Tellur Smart app, access the device's history records and see the days and hours in which the door was opened and closed.

Share the device with your friends or family members and allow them to control it.
