

WiFi IR Remote control, Temp and Humid sensor
TLL331241

Smart control

One remote – Multiple devices

Smarten up any infrared controlled device with the WiFi IR remote control!

Smart Features

Use the smart functions to schedule your devices' running times based on your timetable. Automate the appliances in your home by setting timers, smart and automation scenarios.

Humidity & Temperature Sensor

The built-in temperature and humidity sensor offers more features for a better configuration of the smart scenario.

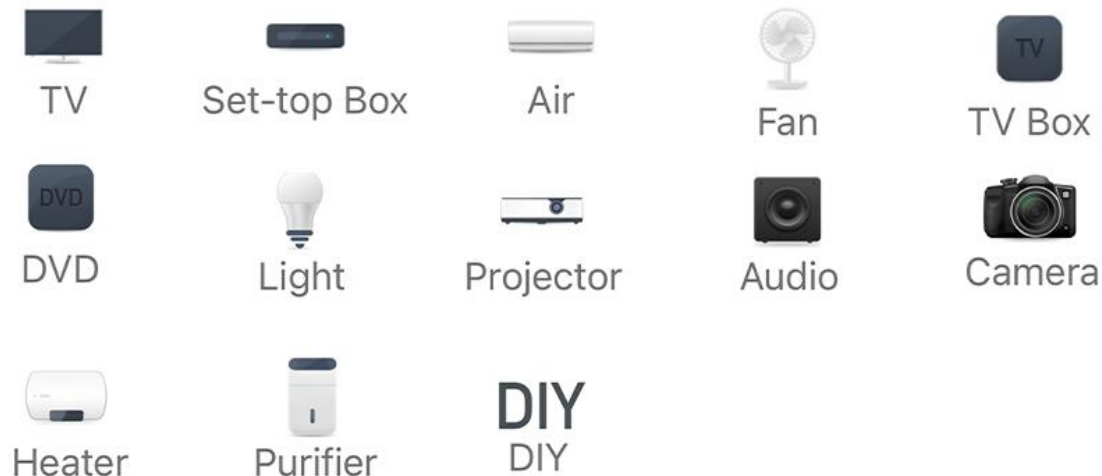

Expanded IR code library

The Smart IR WiFi remote control is compatible with more than 95% of the infrared controlled devices and, thanks to the DIY (Do It Yourself) function, it can learn new devices remotes.

Remote & Vocal Control

Control the Smart WiFi IR remote from anywhere via Tellur Smart app. At home, link the product to Amazon's Alexa or Google Assistant and control it vocally.

Expanded IR code library

Technical specs

Input:	5V/ 1A
Input port:	Type-C
Infrared Frequency:	38-56K
Infrared Direction:	Multiple-direction
Infrared range:	Up to 10 meters in open space
Device compatibility:	More than 95% of IR controlled devices
DIY function:	Can learn new devices remotes
Temperature sensor:	Yes
Temperature range:	-20° C - +80° C
Humidity sensor:	Yes
Humidity range:	0% - 100%
Charging cable length:	1.5 meters
Voice control:	Yes, through Google Assistant and Amazon Alexa
Wireless frequency:	2.4GHz
WiFi standard:	IEEE 802.11b/g/n
